*Soll case*

Gentlemen:-

Yours of 13th instant at hand and contents  
carefully noted. After careful consideration I decided  
to have the case made of mahogany in accordance with  
specifications set forth in your letter. I would prefer  
the mahogany to be in antique finish, i.e., not highly  
polished, price to be \$150.00.

As I understand it this case ~~is~~ made of  
wooden ~~case~~ *frame* which will be strong even though doors are  
in each end, which, however, are not to be opened simult-  
aneously.

I shall be grateful if you could proceed with  
this work at once and make shipment via P. R. R. to  
Barney at your earliest convenience.

Thanking you in advance, I am,

Very truly yours,

P.S. Thank you very much for your letter in regard to Mr.  
Boucher. I have received his catalogue and will try to see  
him early this week. I am much interested in the matter.
